

# World Renewable Energy Council/Network (WREN) International Seminars in Britain

SEMINAR NUMBER 0080

## Renewable Energy

Policy, Security, Electricity, Sustainable Transport,  
Water Resources/Management and the Environment

**9 – 15 August 2009**

**OLD SHIP HOTEL, BRIGHTON  
UNITED KINGDOM**

*Main sponsors*

WREN

ELSEVIER

**National Renewable Energy Laboratory**

*Other Sponsors are:*

- |        |  |

| DTI    | Department of Trade and Industry                                 |
| UNESCO | United Nations Educational, Scientific and Cultural Organization |
| WD     | Wind Direct  |
| AEP    | Association of Electricity Producers                             |
| WREC   | World Renewable Energy Congress                                  |

Seminar Director

## **Professor Ali Sayigh**

Chairman of World Renewable Energy Congress and Council, Director General of World Renewable Energy Network (WREN), Chairman, Founder of the Arab Solar Energy Society, Past Chairman of the UK Solar Energy Society, Director of Solar Seminars at ICTP- Trieste, Italy between 1977-1995, Professor and head of Solar Energy in Saudi Arabia, Kuwait, and Reading Universities from 1969 to 1994. Presently he is professor at the University of Hertfordshire. Founding member of the Arab Science and Technology Foundation (ASTF), Sharjah, UAE, Fellow of the Institute of Energy; Fellow of the Institution of Electrical Engineers; and Chartered Engineer. He published more than 300 papers and contributed and edited more than 30 books.

He is editor and editor in chief of several international journals including the one which he founded in 1983 Solar and Wind Technology. This journal in 1990 is called The International Journal of Renewable Energy which is published by Elsevier Science Ltd. He established with Sovereign Publications the annual Renewable Energy Magazine since 2000,

Co Editor-in-chief of ICPSR Journal "ISESCO Vision of Science and Technology".

## **RENEWABLE ENERGY Policy, Security, Electricity, Sustainable Transport, Water Resources/ Management and the Environment**

The seminar will review the role of renewable energy systems in meeting the world energy demand in electricity and focus on up to date technologies in manufacturing, buildings, transport and water resources and management. Special attention is given to environment and energy saving. It will open the opportunity to participants to learn and co-operate with various industries and to notice the progress in renewable energy development. It reviews the climate change and the clean development mechanism CDM as well as other strategies.

## **Main topics covered during the seminar will include:**

- climate change
- global warming
- update on renewable energy
- wind energy Technologies
- biomass industries
- landfill gas industries
- photovoltaic technology
- heating and cooling applications
- low energy buildings
- energy saving in buildings
- project finance and incentive
- carbon tax and trading
- fuel cells
- hydro power, Marine Current Technology, water resources & management
- sustainable transport
- organised industrial and social programme

## **Some of the expected speakers include:**

**Prof Stefano Brandani**

*UCL – London, UK*

**Dr L Kazmerski**

*NREL, USA*

**Prof. Phil EAMES**

*Warwick University, UK*

**Prof Ali Sayigh**

*WREN, UK*

**Prof M Hutchins**

*Sonnergy Ltd, UK*

**Mr John Buckley**

*DTI, UK*

**Prof R Critoph**

*Warwick University, UK*

**Mr Tony Book**

*Riomay, UK*

**Mr M Alder**

*AEP, UK, Wind Direct*

**Mr David Porter**

*AEP, UK*

**Ms Nicola Steen**

*CO2 e. com., UK*

**Dr A Williams**

*Nottingham Trent Univ., UK*

**Prof M Y Othman**

*University Kebangsaan Malaysia*

**Prof K Sopian**

*University Kebangsaan Malaysia*

**Dr David Milborow**

*Consultant, UK*

**Dr D Chieduk**

*Polish Academy of Sciences, Poland*

**Dr Faiq Billal**  
*ISESCO, Morocco.*

**Mr Bill Watts**  
*Fordham Associates*

**Prof Andrew J. Miller**  
*Univ of Brighton*

**Mr Amolak Hunjan**  
*BIPV Systems Ltd*

**Prof AbuBakr S. Bahaj**  
*Southampton Univ*

## **Participants**

The seminar is important for policy makers, industrialists, government agencies, decision makers, researchers, managers, and manufacturers.

## **Numbers**

There are places for 30 participants and these will be allocated on a first-come first-serve basis.

## **Fees**

Fully residential fee: £1000

*The fee includes*

- the cost of 6 nights accommodation in single rooms with private bathroom or shower
- all meals.
- full academic programme, including industrial and social programme (including opening dinner)
- welcome and farewell packs (including programme, speakers' notes, local information, etc)
- seminar certificate and group photograph
- experienced seminar manager in daily attendance.

This is a residential seminar. We are unable to accept non-resident participants and regret that requests for reductions or refunds cannot be accepted.

## **Accommodation before and after the Seminar**

Any participant who wishes to stay extra days must arrange his/her stay directly with the Hotel Manager.

## **Joining instructions**

Participants will be sent joining instructions, including directions for reaching the seminar hotel, the postal address and telephone number of the hotel and the latest time of arrival.

## **Seminar location**

The seminar will be held in Brighton City, Brighton is a south-coast city noted for its theatres, music, museums, cinemas and art galleries, as well as a wide variety of shops. Nearby there are places of outstanding historical and geographical interest, including Arundel Castle, Alfriston, Lewes, Eastbourne and Beachy Head. Brighton is easily reached from central London (one hour by train), and from Gatwick airport (30 minutes) and London Heathrow airport (1 hour). The Hotel is on the sea front 10 minutes from Brighton railway station.

## **Seminar dates**

The seminar will commence with an opening dinner on the evening of Sunday 9 August, and will close after breakfast on Saturday 15 August 2009.

## **International travel**

Participants should make their own travel arrangements to and from the seminar centre. They are strongly advised to make return reservations before leaving their own country as it may be difficult to make them after arrival.

## **Insurance**

Seminar participants are strongly advised to make arrangements for travel and health insurance before their departure.

## **Cancellation of the Seminar**

If obliged to cancel the seminar, the World Renewable Energy Network reserves the right to do so without indemnity, subject to the return of any registration or enrolment fees already paid.

WREN is a worldwide network of organisations promoting environmentally safe and economically sustainable renewable energy. WREN has been established to support and enhance the utilisation and implementation of renewable energy sources; to further the communication and technical education of scientists, engineers, technicians and managers in this field; and to address itself to the energy needs of both developing and developed countries.

# Application Form

WREN International Seminars in Britain No. 0080  
RENEWABLE ENERGY  
Policy, Security, Electricity, Sustainable Transport, Water  
Resources/Management and the Environment  
9–15 August 2009, Old Ship Hotel, Brighton, UK

PLEASE COMPLETE THIS FORM IN BLACK INK AND IN CAPITAL LETTERS

*please send the completed application form directly to:*
